# ARYAN MEENA(Aspiring Developer)

---

## SKILLS

### Technical Skills

- **Programming:** Python, JavaScript (ES6+), HTML5, CSS3
- **Web Development:** Responsive Design, DOM Manipulation, API Integration
- **Tools & IDEs:** VS Code, Git, GitHub, GitHub Copilot
- **AI & Automation:** Prompt Engineering, AI Tools (ChatGPT, Copilot), Workflow Automation
- **IoT:** Basic IoT device setup, sensor integration, microcontroller familiarity
- **Version Control:** Git branching, GitHub workflows, pull requests
- **Debugging:** Browser DevTools, Python debugging, error-handling best practices

### Soft Skills

- Problem-solving
- Creative thinking
- Quick learning
- Team collaboration
- Project ownership
- Technical communication

## EXPERIENCE

### FREELANCER

Making projects for me as a prototype and working as a freelancer.

## EDUCATION

### **Sand Dunes Academy, Jaipur** – *Higher 12TH studies*(COMPLETED)

From 5th Class – April 2023, Jaipur

Stream: (Science)

With Physics, Chemistry, and Mathematics (PCM)

Key subject: Computer

### **University Of Rajasthan, Jaipur** – B.Sc. [B.Ed.](#) *Integrated*(CURRENT)

September 2023 – September 2027, Jaipur

Stream: (Science)

With Physics, Chemistry, and Mathematics (PCM) & other [B.Ed.](#) Subjects.

Key subject: Computer

## PROJECTS

### **Portfolio Website**

Created a personal web portfolio using HTML, CSS, and JavaScript. Hosted via GitHub Pages.

### **Python Automation Scripts**(Desktop AI Assistant)

Developed small scripts for file handling and task automation.

### **IoT Mini Project**

Used basic sensors and a microcontroller to create a simple home-automation prototype

## ABOUT(summary)

Motivated PCM student currently pursuing a B.Sc. B.Ed., with a strong interest in computers, web development, AI tools, IoT, and automation. Skilled in Python, JavaScript, HTML, CSS, GitHub, VS Code, and modern AI tools like Copilot. Fast learner with strong logic and problem-solving ability from a Physics, Chemistry, and Mathematics background.
